

18-8 Stainless Steel Flat-Tip Set Screw
4-40 Thread, 1/8" Long

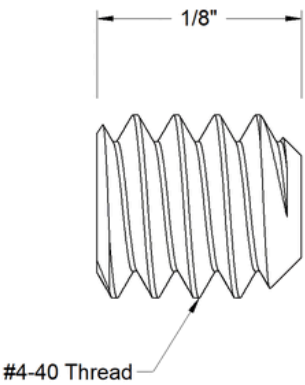

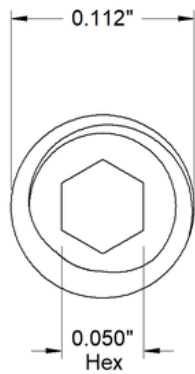

Delivers tomorrow

\$9.36 per pack of 50
94355A130

Drive Style	Hex
Tip Type	Flat
Material	18-8 Stainless Steel
Thread Size	4-40
Length	1/8"
Drive Size	0.050"
Hardness	Rockwell B80
Specifications Met	ASME B18.3
Certificate Form	Digital
Certificate Type	Material Certificate with Traceable Lot Number
Fastener Head Type	Headless
Performance	Corrosion Resistant, Nonmarring
Screw Size Decimal Equivalent	0.112"
System of Measurement	Inch
Thread Direction	Right Hand
Thread Fit	Unified Standard Class 3A
Thread Spacing	Coarse
Thread Type	UNC
Country of Origin	China, Taiwan
DFARS Compliance	Not Specialty Metals Compliant
Export Control Classification Number (ECCN)	EAR99
REACH Compliance	REACH (EC 1907/2006) (11/05/2025, 251 SVHC) Compliant
RoHS Compliance	RoHS 3 (2015/863/EU) Compliant
Schedule B Number	731815.9000
U.S.–Mexico–Canada Agreement (USMCA) Qualifying	No

These corrosion-resistant screws spread out holding power and protect surfaces from damage. Made of stainless steel, they won't rust, but they're not as strong as alloy steel. Unlike cup and cone tips, the flat tip distributes pressure evenly, reducing marring but not holding as tightly. They're a good choice for repositioning parts frequently on jigs, fixtures, and other applications where the tip presses against a flat surface.

18-8 Stainless Steel—The choice for wet and outdoor environments, these screws won't rust. However, they don't hold up to the harsh chemicals that 316 stainless steel can.
